THE GRAIN-TAX QUESTION IS BECOMING
A NEW PHASE. The Judge has
ordered the arrest of an auctioneer who
ordered the seizure of a quantity of
wheat for the purpose of selling it at
the Court. It is just as well perhaps
that this incident should have occurred,
since it accentuates the conflict between
the Government and the Courts, and
there is a possibility of the National
Government interfering and settling the
dispute. In the meantime, the wheat
farmers have to pay the price. Talking
of wheat, the prices have fallen off con-
siderably. Two months ago wheat was
\$12 per 100 kilos; to-day, according
to our Rosario exchanges, the price is
\$7.50 to \$8.00 in Rosario and \$7.50
to \$7.75 in the colonies. The total ex-
penditure in Rosario was 6,000 bags
per day; to-day the daily exports are
20,000 bags. Both prices and supply
are falling away. The grain-tax has no
doubt influenced the supply, and gro-
cers are keeping back large quantities of
grain in anticipation of the repeal of the
tax. The falling off in the supply of wheat
has caused many flour mills in Santa Fe
to stop work. The flour is now being
imported from the United States. The
Chief of Police in Santa Fe has in-
vited the other day, at the head of 60
men, the estancia belonging to Mr. Por-
tino, a man of letters, to the city, and
the police were not "specially progres-
sive" in their conduct. The police
wounded several "peones" broke into
the house, turned everything upside
down, and kept the man in prison for
three days. This conduct of the police
has caused great indignation, and we
hope this too general functionary will
be called to explain the excesses com-
mitted in his name by his own men.
Strange to say, no human life was de-
stroyed.

OUR ROSARIO CONTROVERSY. The
Capital publishes a letter from the secre-
tary of the Social Club. The secretary
states that, in consequence of the
siege, the Socialists could not muster
on the 1st of May, but that the Club
embraces the Socialists. The secretary
states that the Socialists are not
clandestine, but open. The fact of the
Socialists being open is a good thing,
but it has made angels of the
Socialists this year.
Chilian agents appear to be knocking
about the provinces, inviting settlers
to pass over to Chile and offering to
pay their passage. This is a new de-
vice. We don't wish to be unchari-
table, but we do hope that the dromes
accept the offer and try their for-
tunes in Chile.

SANTA FE.
MYSTERIOUS DEATH AT LAS ROSAS.
On Tuesday evening 3rd inst., the
body of one "Virgilio Carenzo" was
found dead in the street near the
house of his residence, a small brick
room, adjoining the church in Las Ros-
as. Public opinion is somewhat di-
vided as to the cause of the death of
this unfortunate man. The fact of his
having been a somewhat heavy drinker
leads one to suppose that he entered his
room but again left it, the door of his
room being found ajar, and in conse-
quence of being so late at night, he
deceased momentarily forgot the where-
abouts of the well, which was a very
narrow one, but a deep one. As the
deceased had not been seen since the
previous day, the old rate, that
the sad event occurred on that date,
the body being found in an upright posi-
tion with the head very much bruised.
There is no evidence of having been
any one else in the room, but it is
believed there had been any foot play,
but the fact of the deceased having been
in possession of a fifty dollar bill
previous day to his disappearance, which
was found in his pocket, and the finding
of his "valise" with the lock-bands cut,
add to the mystery.
In conversing with one of the police
he said—
"On the night in question I was pass-
ing the church on my way home from
the Police when I heard some noise,
which appeared to come from below the
surface, but it being a very dark night I
did not venture to see what it was and
took no further notice." Now had some
notice been taken and enquiries made,
even on the following day, the poor
fellow's life might have been saved.
The deceased had been working as a
painter and was formerly a schoolmas-
ter, and is said to have been a member
of the Masonic Order.
It is high time that these wells (which
exist in open camp) should have proper
covers and not be left without any safe-
guard whatever, being veritable traps.

THE GRAIN-TAX QUESTION IS BECOMING
A NEW PHASE. The Judge has
ordered the arrest of an auctioneer who
ordered the seizure of a quantity of
wheat for the purpose of selling it at
the Court. It is just as well perhaps
that this incident should have occurred,
since it accentuates the conflict between
the Government and the Courts, and
there is a possibility of the National
Government interfering and settling the
dispute. In the meantime, the wheat
farmers have to pay the price. Talking
of wheat, the prices have fallen off con-
siderably. Two months ago wheat was
\$12 per 100 kilos; to-day, according
to our Rosario exchanges, the price is
\$7.50 to \$8.00 in Rosario and \$7.50
to \$7.75 in the colonies. The total ex-
penditure in Rosario was 6,000 bags
per day; to-day the daily exports are
20,000 bags. Both prices and supply
are falling away. The grain-tax has no
doubt influenced the supply, and gro-
cers are keeping back large quantities of
grain in anticipation of the repeal of the
tax. The falling off in the supply of wheat
has caused many flour mills in Santa Fe
to stop work. The flour is now being
imported from the United States. The
Chief of Police in Santa Fe has in-
vited the other day, at the head of 60
men, the estancia belonging to Mr. Por-
tino, a man of letters, to the city, and
the police were not "specially progres-
sive" in their conduct. The police
wounded several "peones" broke into
the house, turned everything upside
down, and kept the man in prison for
three days. This conduct of the police
has caused great indignation, and we
hope this too general functionary will
be called to explain the excesses com-
mitted in his name by his own men.
Strange to say, no human life was de-
stroyed.

OUR ROSARIO CONTROVERSY. The
Capital publishes a letter from the secre-
tary of the Social Club. The secretary
states that, in consequence of the
siege, the Socialists could not muster
on the 1st of May, but that the Club
embraces the Socialists. The secretary
states that the Socialists are not
clandestine, but open. The fact of the
Socialists being open is a good thing,
but it has made angels of the
Socialists this year.
Chilian agents appear to be knocking
about the provinces, inviting settlers
to pass over to Chile and offering to
pay their passage. This is a new de-
vice. We don't wish to be unchari-
table, but we do hope that the dromes
accept the offer and try their for-
tunes in Chile.

SANTA FE.
MYSTERIOUS DEATH AT LAS ROSAS.
On Tuesday evening 3rd inst., the
body of one "Virgilio Carenzo" was
found dead in the street near the
house of his residence, a small brick
room, adjoining the church in Las Ros-
as. Public opinion is somewhat di-
vided as to the cause of the death of
this unfortunate man. The fact of his
having been a somewhat heavy drinker
leads one to suppose that he entered his
room but again left it, the door of his
room being found ajar, and in conse-
quence of being so late at night, he
deceased momentarily forgot the where-
abouts of the well, which was a very
narrow one, but a deep one. As the
deceased had not been seen since the
previous day, the old rate, that
the sad event occurred on that date,
the body being found in an upright posi-
tion with the head very much bruised.
There is no evidence of having been
any one else in the room, but it is
believed there had been any foot play,
but the fact of the deceased having been
in possession of a fifty dollar bill
previous day to his disappearance, which
was found in his pocket, and the finding
of his "valise" with the lock-bands cut,
add to the mystery.
In conversing with one of the police
he said—
"On the night in question I was pass-
ing the church on my way home from
the Police when I heard some noise,
which appeared to come from below the
surface, but it being a very dark night I
did not venture to see what it was and
took no further notice." Now had some
notice been taken and enquiries made,
even on the following day, the poor
fellow's life might have been saved.
The deceased had been working as a
painter and was formerly a schoolmas-
ter, and is said to have been a member
of the Masonic Order.
It is high time that these wells (which
exist in open camp) should have proper
covers and not be left without any safe-
guard whatever, being veritable traps.

Hayward's Paste Dip

For the CURE OF SCAB
AND DESTRUCTION OF ALL FILTH INFESTING
THE SKIN OF SHEEP AND LAMBS.

Time, Labour and Money saved by its use.

Dear Sirs:—I have tried HAYWARD'S "PASTE DIP" on my sheep, and have pleasure in bearing testimony to its efficacy. I need have no hesitation in recommending it generally as a cure for scab without discolouring or damaging the wool. The market value of the wool is increased by the use of this dip. It is in my opinion preferable to the Powder, and will probably have a larger sale than the latter.

Yours very truly (Signed) JOHN KELLIE.

Patriotic Bonds owned at 50.40, but closed last at 50.00. Spanish Bank closed at 50.00. Buenos Aires closed at 50.00. Old Gas Co. was quoted at 50.40. La Plata Gas Co. was quoted at 50.40. The market value of the wool is increased by the use of this dip. It is in my opinion preferable to the Powder, and will probably have a larger sale than the latter.
